Apple Smart cover		The innovative, magnetized Apple iPad Smart Cover is less case (in the traditional sense), and more mere screen protector, but it does just that, protects your iPad 2's display effectively and elegantly—and without adding bulk like a lot of other cases do. But if you want the back of your tablet covered, you'll need to look elsewhere.	Apple	\$39-\$69.00
Belkin Keyboard Folio for iPad 2		This versatile and protective folio stand has a built-in computer-style keyboard with well-spaced TruType™ keys. A spring mechanism underneath each key ensures a tactile response with every stroke, helping you to type faster and with less error than on a touchscreen. Plus, function-specific keys let you easily copy and paste text, moderate volume and control music	Belkin, http://www.belkin.com/IWCatProductPage.process?Product_Id=551573 Amazon, http://www.amazon.com/Belkin-Bluetooth-Keyboard-Folio-F5L090tt/dp/B005DKZSTU PCconnection Express, http://www.pcconnectionexpress.com/IPA/Shop/Product/Detail.htm?sku=13131501	\$84.98 - \$99.00
iPad 2 Pop! Case with Stand		Combining hard shell plastic and soft rubber sides, the Pop! case covers and surrounds the iPad 2. A built-in stand extends for an ideal viewing screen or remains hidden for a flat back cover. The rubber sides make for an easy grip, while the innovative lay flat design keeps the iPad 2 screen lifted away from surfaces. Decked out in two-toned color combinations, the lightweight plastic case is easy to travel with, no matter where you're going.	http://www.case-mate.com/Apple-iPad-2-Cases/Case-Mate-iPad-2-Pop-Case-with-Stand.asp	\$50.00
Dodo case		Made from black Moroccan cloth and constructed using traditional bookbinding techniques, the cover of the DODOcase for the iPad 2 is designed to fold back to be used as a stand. An elastic strap keeps your iPad2 protected while on the go. Griffin Air Strap		A molded frame with thick, comfortable, contoured grips surrounds your iPad, protecting the edges without getting in the way of your controls or ports. Slip your hand under the wide neoprene strap on the back. AirStrap hugs your hand, making your iPad easier to hold whether you're reading in a coffee shop or checking out the headlines as you ride the 6:45 in to work.	https://store.griffintechology.com/airstrap	\$12.99
Griffin Survivor case		<p>Tested and certified to meet or exceed US Department of Defense Standard 810F, Griffin's Survivor Military-Duty Case is designed from the inside out to protect your iPad 2 from extreme conditions ... dirt, sand, rain, shock, vibration and a host of other environmental factors.</p> <p>Survivor is built on a shatter-resistant polycarbonate frame clad in rugged, shock absorbing silicone. A built-in screen protector seals your Multi-Touch display from the outside environment, while hinged plugs seal the dock connector, camera lens, headphone port, hold switch and volume controls. The included stand clips on, then folds open for landscape viewing and typing.</p> <p>Survivor is independently tested and verified to meet or exceed environmental testing standards for blown rain, blown dust and grit, vibration, shock, temperature and humidity.</p>	http://store.griffintechology.com/ipad/ipad-2/survivor	\$79.99

<p>Speck iGuy for iPad 2</p>		<p>Meet iGuy - the freestanding foam case for iPad and iPad 2. Every bit as protective as he is a blast to use, iGuy is the perfect iPad accessory for kids and grownups alike. He's lightweight, easy to hold, and he can stand on his own two feet, even while holding up your iPad. He may look like he's all about fun, but his soft, squishy body disguises tough EVA foam protection. iGuy will help you feel more secure as you hand your iPad over to your baby or small child!</p>	<p>https://www.speckproducts.com/ablet-ipad-cases/iguy-for-ipad-2.html</p>	<p>\$39.95</p>
<p>Gumdrop</p>		<p>If you're looking for the most rugged, durable yet ultimately affordable iPad 2 protection, you found it in the Drop Tech Series iPad 2 Case. Shock absorption, drop protection, extreme ruggedness and hard-core readiness for all adventures, the Drop Tech Series iPad 2 Case specifically conforms to the shape of the iPad 2 and offers multiple layers of protection. This iPad 2 case features a uniquely replaceable, snap-on integrated screen for maximum protection.</p> <p>Features</p> <ul style="list-style-type: none"> • Complete security for the iPad 2, including screen and port covers • Dual material 	<p>http://www.gumdropcases.com/drop-series-ipad-2-case.html</p> <p>User says: "The Gumdrop has been good. The silicone case is very thick and sturdy. My daughter can't remove it and doesn't try. The iPad has been dropped on hard floors at least a billion times. One time, in the Gumdrop, it did shatter the screen but it was a longer fall out of the van onto pavement, but Apple replaced the device (for the 2nd time in 2 months...bless them.) My only issue with the Gumdrop is that the volume control can get out of whack because of the way the silicone covers it. We replace the screen protector every few months. I wish more cases had a rigid, replaceable screen cover. With the Gumdrop, we have to remove the iPad from the case about</p>	<p>\$59.95</p>

TRTL BOT Shell		<p>Looking for a multi-functional case to put your iPad 2 into? Well, the folks over at TRTL BOT have come up with a new case called The Shell, and it's designed to be functional, eye catching, and protective all at the same time. Featuring a slide out/foldable handle, The Shell lets you hold the iPad 2 easily with one hand, which is great for those times you have to walk around and use an app at the same time. When used on a flat surface like a table, the extendable handle can function as a stand for you to watch movies or read hands-free.</p> <p>In addition to being a handle and a stand, The Shell also keeps your iPad tablet protected from bumps and scratches while on the move. It also has a child-friendly retractable home button protector to make sure your apps and settings will be safe when you share your iPad with your family. The case also features a special design that redirects the sound of the speaker outwards, which increases the volume and provides a more immersive experience as opposed to the rear facing speakers. It also has openings in the case for you to plug all your accessories into the tablet without any trouble</p>	<p>http://www.shoptrtlbot.com/collections/ipad-2-cases/products/shell-for-ipad-2</p>	\$65.00
